

QCPPlotTitle::deselectEvent

```
graph LR; A[QCPPlotTitle::deselectEvent] --> B[QCPPlotTitle::setSelected]; B --> C[QCPPlotTitle::selected];
```

The diagram illustrates a sequence of three methods or states related to QCPPlotTitle. It consists of three rectangular boxes arranged horizontally, connected by blue arrows pointing from left to right. The first box, labeled 'QCPPlotTitle::deselectEvent', has a light gray background. The second box, labeled 'QCPPlotTitle::setSelected', and the third box, labeled 'QCPPlotTitle::selected', both have white backgrounds. All boxes have a black border.
