

QCItemRect::setPen

```
graph LR; A[QCItemRect::setPen] --> B[QCItemRect::pen];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text 'QCItemRect::setPen'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box has a white fill and a black border, containing the text 'QCItemRect::pen'.

QCItemRect::pen
