The diagram illustrates two separate calls to the `QCPAbstractPlottable::setBrush` method. On the left, two white rectangular boxes represent the callers: `QCPGraph::QCPGraph` (top) and `QCPStatisticalBox::QCPStatisticalBox` (bottom). On the right, a gray rectangular box represents the target method: `QCPAbstractPlottable::setBrush`. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating the direction of the calls.
