

QCPAbstractLegendItem
::deselectEvent

QCPAbstractLegendItem
::selectEvent

QCPAbstractLegendItem
::selectTest

QCPLegend::selectableParts

```
graph LR; A[QCPAbstractLegendItem::deselectEvent] --> D[QCPLegend::selectableParts]; B[QCPAbstractLegendItem::selectEvent] --> D; C[QCPAbstractLegendItem::selectTest] --> D;
```

The diagram illustrates a relationship between three methods of the QCPAbstractLegendItem class and a method of the QCPLegend class. Three boxes on the left, each containing a method name, have arrows pointing to a single box on the right. The boxes are: QCPAbstractLegendItem::deselectEvent (top), QCPAbstractLegendItem::selectEvent (middle), and QCPAbstractLegendItem::selectTest (bottom). The box on the right is QCPLegend::selectableParts. The arrows indicate that these three methods are associated with or point to the selectableParts property of the QCPLegend class.
